CHRISTMAS CELEBRATION WITH KIDS AND PEOPLE AT LAPINU
SCHOOL, MATAWAI KATINGGA, KAHAUNGU ETI, EAST SUMBA

A young boy is shown in profile, lighting a candle. He is holding a lit candle in his right hand, and several other lit candles are visible in the background. The scene is dimly lit, with the warm glow of the candles and colorful bokeh lights from a Christmas tree in the background. The boy is wearing a dark jacket.

Christmas is children's most awaited day of the year as they look forward to meet Santa and receive gifts!

Lapinu Parallel Class, Matawai Katingga Elementary School, is located in Kahaungu Eti district, East Sumba, located approximately 2 hours from the city center in Waingapu. This parallel class was built independently by parents of students who are local residents because the distance between the house and the main school is far enough for children to walk when going to school, which is approximately 8 km. The number of students in this school is 39 students for grade students 1 through 6th grade.

Lapinu Elementary School together with the surrounding residents will celebrate Christmas in 2019, only it is celebrated on January 10, 2020 because it coincides with the report card handover / provides an opportunity for teachers / teachers who live far away to celebrate Christmas with their beloved family.

Christmas is a day awaited by children in Lapinu, because there will be gifts for them that Santa will bring, KawanBaik will come with Santa to bring gifts for Lapinu children because they are all good children.

Children will get a gift while celebrating Christmas (a gift that has a useful value). Besides gifts, Santa Claus and his friends will also tell stories and sing together for children.

Not only for children, but also for schools and communities in Lapinu. KawanBaik wants to enliven the Christmas celebration in Lapinu in a different way, we will cook something they have never eaten before, of course with a special recipe with the best seasoning concoctions cooked with love.

Christmas Gift

1. Christmas t-shirts for children and teachers (45 pcs)
2. Prepare a special menu that will be cooked by KawanBaik
3. Bringing a wall clock to school
4. Buy a Globe (teaching aids) that can be used for teaching and learning activities
5. Head lamp (with A3 battery) to study at home (because there is no electricity in schools and villages)

In addition, KawanBaik wants to provide a small light for Lapinu Village in the form of lights with solar panels that will be installed in the middle of the village.
